

**Oklahoma
Thoracic Society**
A chapter of the
American Thoracic Society

Sixth Annual Symposium on Bedside Ultrasound in the ICU Saturday, September 14, 2019

CONFERENCE SPONSORS

- Oklahoma Thoracic Society
- The University of Oklahoma Health Sciences Center – Pulmonary, Critical Care & Sleep Medicine Section

COURSE OBJECTIVES

Following this learning activity, participants will be able to:

- Demonstrate an understanding of ultrasound physics.
- Demonstrate proper techniques to perform a focused cardiac and lung ultrasonography.
- Recognize the normal sonographic appearance of lower extremity vasculature.
- Recognize common abnormalities of the heart, lung, pleura and vasculature.

TARGET AUDIENCE

This course is geared toward pulmonary and critical care fellows, internal medicine and surgery residents, practicing physicians, including pulmonologists, intensivists, hospitalists, and family medicine.

LOCATION

Andrews Academic Tower, Level 1, Conference Rooms A, B & C
800 Stanton L. Young, Oklahoma City, OK 73104

COURSE DIRECTOR

Houssein Youness, MD, FCCP

FACULTY

	<p>Tony Abdo, MD: Assistant Professor of Medicine, University of Oklahoma Health Sciences Center; Pulmonary and Critical Care Medicine</p>
	<p>Fawad Chaudry M.D, FCCP: Assistant Professor of Medicine, University of Oklahoma Health Sciences Center; Interventional Pulmonary and Critical Care Medicine</p>
	<p>Jason S. Lees, MD: Associate Professor of Surgery, University of Oklahoma Health Sciences Center; Surgical Critical Care</p>
	<p>Federico Silva Palacios, MD: Assistant Professor of Medicine, University of Oklahoma Health Sciences Center; Vascular Medicine</p>
	<p>Becky Pennington, RDCS: Registered Echocardiography Technician, Oklahoma City VA</p>
	<p>Kevin Proud, MD, FCCP: Assistant Professor, UT Health San Antonio & South Texas Veterans Health Care System; Pulmonary and Critical Care Medicine</p>
	<p>Shadi Saleem, MD: Assistant Professor of Radiology, University of Oklahoma Health Sciences Center; Interventional Radiology</p>
	<p>Houssein Youness, MD, FCCP: Associate Professor of Medicine, University of Oklahoma Health Sciences Center; Pulmonary and Critical Care Medicine</p>

Symposium on Bedside Ultrasound in the ICU

September 14, 2019

TIME	TITLE	FACULTY
8:30- 9:00 AM	Principles of Ultrasound Imaging	<i>Tony Abdo, MD</i>
9:00- 9:30 AM	Echocardiographic Views	<i>Houssein Youness, MD, FCCP</i>
9:30-10:00 AM	Ultrasound of the Vascular System	<i>Federico Silva Palacios, MD</i>
10:00-10:20 AM	Coffee Break	
10:20-11:00 AM	Performing and interpreting the ultrasound examination of the lungs and the pleura	<i>Kevin C. Proud, MD, FCCP</i>
11:00-11:30 AM	Ultrasound for Clinical Decision Making in the ICU	<i>Houssein Youness MD, FCCP</i>
	Case Studies:	
11:30-11:45 AM	Lung Cases	<i>Tony Abdo, MD</i>
11:45-12:00 PM	Echo Cases	<i>Houssein Youness, MD FCCP</i>
12:00-12:30 PM	Lunch (Provided with course registration)	
12:30- 1:00 PM	Ultrasound of the Abdomen	<i>Shadi Saleem, MD</i>
1:00- 1:30	Ultrasound of the Abdomen and the FAST exam	Jason Lees, MD
1:30- 4:00PM	Practical Scanning Workshop	
	Lung Station (20 min)	<i>Kevin Proud, MD, FCCP</i>
	Cardiac Station 1 (20 min)	<i>Tony Abdo, MD</i>
	Cardiac Station 2 (20 min)	<i>Becky Pennington, RDCS</i>
	Focused Protocol (20 min)	<i>Houssein Youness, MD</i>
	Vascular Station (20 min)	<i>Federico Silva Palacios, MD</i>
	Abdomen station (20 min)	<i>Shadi Saleem, MD</i>
	CVC Placement (20 min)	<i>Fawad Chaudry, MD</i>

Sixth Annual Symposium on Bedside Ultrasound in the ICU
Saturday, September 14, 2019

Registration

Please submit your registration to Delisa-McKinzie@ouhsc.edu or 405.271.5892 as soon as possible.
